

Easter Garden Project

Easter weekend is nearly here. It's a hugely important time in our year when followers of Jesus, mark the events leading up to and think through Jesus' arrest, trial, execution and then his coming back to life.

Bearing in mind that last year lots of us hiked up the Cotswold way together, met for massed Easter Egg hunts, held hot cross bun tea parties, etc, it's going to be very strange not being together physically this year. One creative idea for us to engage with the Easter story is to make an Easter garden. You can use any container, which you ideally fill with soil and then decorate to represent the garden tomb or crucifixion hill. You could include a tomb, a stone, crosses, people, angels (there are lots of ideas online).

We would love it if during Easter week (6th – 12th April), people then placed their gardens in a place visible to neighbours and passers by taking their daily exercise as an encouragement to engage with Easter. Also, please send images of your garden (close-up and in-situ) to phil@allsaintsweston.org.uk so we can create a virtual tour of the gardens on the All Saints Church website <https://www.allsaintsweston.org.uk/>.

Looking forward to seeing your creations.

Phil

(Children and Families Team Leader – All Saints Weston Church)
