

## James and Virág Wheeler-Mezei – Greater Europe Mission - Hungary

Dear Friends

We have had very busy summers with our community coffeeshop and airbnb accommodation, and the challenge as ever is how to use them for greater kingdom impact. Sophie started school in September and it's going reasonably well, but we do notice the tiring effect of the long school day in the afternoon.

### **Soul Refreshing Women's Weekend**

A week ago Virág attended a very special weekend which we had helped in the behind-the-scenes organisation for some missionary colleagues and a team from one of their supporting churches in the US. In all 80 ladies were involved and it was such a joy to read through the feedback forms when we got home from the weekend, which reflect the depth and the significance of the weekend:

*"My heart is so grateful that God led us here"*

*"Loads of personal messages and touch from the Lord through personal conversations"*

*"I personally experienced what it's like to encourage others"*

*"The Lord used this weekend to answer a prayer and confirm the calling on my life"*

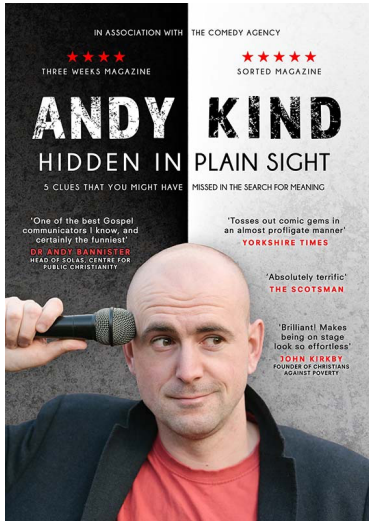

*"I arrived tired, but return home well rested and filled up"*

*"I met with people going through exactly the same situation and we could encourage each other".*

## Hidden in Plain Sight

Exactly one year to the day after contacting Andy Kind about translating and publishing his *Hidden in Plain Sight* into Hungarian, he will arrive in Hungary for a three day tour with several booklaunch events. Please pray that people will come to hear him, that believers will be encouraged and non-believers will be challenged in their faith journey during the events next week Monday - Wednesday.

## 24-7 Prayer Gathering

When I saw that this year, 24-7 Prayer were holding their European Gathering in Vienna, my first thought was: "Hmm, that's not too far away, I could actually go...", so I did. I'm very grateful I was able to go: it's always incredibly encouraging and faith building to be in the presence of hundreds of passionate believers, to hear stories from around the world, (such as how 70,000 people have become Christians on the frontline in Ukraine, and how in Guatemala, people are hearing for the first time that they don't need a priest, but can actually pray to God themselves, and are now building communities of prayer and 24-7 prayer rooms), and to worship multilingually and ecumenically. In particular the evening in the magnificent *Votivkirche* cathedral...

There were a lot of Brits there and I met a few people with links to All Saints Weston, our home church, as well as people setting up missional/prayer coffeeshops in Grenoble and Rotterdam.

It's great to be able to share with you what's going on - thanks for reading and praying. Please do send us your news too.
